## THEATRES

### Princess.

A family feud, born of greed and matured in tragedy, is the subject of a Fox picture described as intensely gripping in interest, which is scheduled to open an engagement at the Princess Theater, Thursday. With the favorite artist, William Russell, as the star, the picture is the story of a woman, Irene Rich, as the leading woman. The picture is entitled "Strength of the Pine" and deals with villainy in the dense forests of Oregon. Russell, an easterner, penetrates the forest bent upon the rescue of a charming girl whom he had known as a child, and the adventure and perils he encounters furnish the powerfully dramatic action with which the photoplay is packed.

### Adelphos.

Unusually interesting shore and water scenes are a feature of "Too Much Wife," the latest Realart release starring Wanda Hawley. William E. Cline was responsible for the photography and some very beautiful effects were obtained. The picture was shown Sunday and will be seen at the Adelphos again Monday.

### Liberty.

"Does the end ever justify the means?" is a question that is presented in the new Goldwyn picture, "Ace of Hearts," by Gouverneur Morris, at the Liberty Theater Monday. In this story, a group of idealists go to the extreme of being willing to commit murder in order to rid the world of those who have preyed upon the weak and helpless. The answer is dramatically worked out through a stirring series of episodes.

## 'Mona Lisa Smile' Wins 3,500 Proposals; Girl Spurns All

Edith Mae Patterson, Arkansas Schoolteacher, and the "Mona Lisa" smile that won her 3,500 proposals.

PINE BLUFF, Ark. — Three thousand and five hundred proposals of marriage!

Edith Mae Patterson, young "school-marm" here, has received that many. And she has rejected every one of them. Some of them she hasn't even read. Eight months ago Miss Patterson's aunt, without Miss Patterson's knowledge, entered the schoolteachers photo graph in a state beauty contest.

A little later along came a check for \$1000—Miss Patterson had won first prize. Immediately her fame as "the girl with the Mona Lisa Smile" began to rain in by mail and telegraph.

Then a contest to find the prettiest girl in the United States started. Miss Patterson entered. She won the first prize of \$2500.

More proposals. Hundreds of 'em. All Miss Patterson's friends were busy opening them.

Now the little schoolteacher has entered an international beauty contest. Pine Bluff people are confident she'll win. If she does, it will be her last contest, she says.

"Competing isn't half as interesting as teaching school," she says. "Marriage?" Not until the right man comes, says Miss Patterson and smiles the Mona Lisa smile.

## BRISTOW GIVES OFFICE RECORD

Eighty-one Liquor Cases Filed Since Appointment; Half-Gallon Jug is "Family Size" Record Shows.

Having chie or corn in your possession when county officers pay you a visit is undoubtedly the most popular way to violate the law. At least in Carter county.

Information has been filed in 81 cases dealing with unlawful possession of liquor, since county attorney J. E. Bristow has been in office. Majority of the cases involve two or three parties, some as high as eight while again it maybe just a lone man and his wife. Records show that a half gallon jug is the "family size." Some persons, on the other hand, are alleged to have a more hazardous task. Only nine informations have been filed against men on this count during the past three and a half months. In most cases two three or four men are alleged to have been implicated in running the still.

## OPERATIONS AT STEEL MILL SHOWING BETTER

PITTSBURGH — Operations at the steel mills have been much better in the first six months of the year than was expected, but from now on for eight or ten weeks there is bound to be a falling off on account of weather conditions and the reluctance of men to work in the hot mills. The steel mills are well filled with shipping orders for several months to come, with prices very firm at rates that have prevailed for some time. The state of the market in the fall will depend on who displays the more anxiety to get into the market—the buyer or the seller. Some concern is expressed that when the coal strike is over the transportation facilities will not cope with the increased production of the steel mills.

## LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy—adv.

## CHRISTIANS SET 800 AS NEW GOAL

Money is God that Most People Worship, Evangelist Says; Thumbs Down on Auto Joy-Rides, Too.

The attendance goal of 800 which was set for the Sunday school of the First Christian church, Sunday, was surpassed by five and because of the increasing attendance each week the mark for next Sunday has been set at 800.

An unusually large audience heard Dr. O. E. Hamilton Sunday in an excellent sermon. During his talk he referred to the manner in which parents are allowing young girls to go on long automobile rides with boys and remain out late at night. "If parents have no regard for their children they should have for the valuable machine that is so carelessly turned over to them," was the utterance of the minister. He also stated that money is the God that all too many people are worshipping today.

As usual there will be no services at the revival meeting Monday, but the men will meet in the basement of the church at 7 o'clock, at which time a luncheon will be served by the ladies.

## CHANG TSO-LIN HOLDS PEKING-MUKDEN, TOO

TIENSIN.—Chang Tso-Lin, rebellious Manchurian super-Tschieh, is holding on to the rolling stock he took from the railroad lines between Peking and Mukden when he made peace and reported northward. As this amounts to about 75 per cent of the line's available equipment, resumption of normal traffic is impossible, despite the more powerful conditions caused by his withdrawal.

The situation is costing the railway \$55,000 daily in addition to the damage the equipment may suffer while it is in Chang's hands.
